Education

Carnegie Mellon University   Pittsburgh, PA
Bachelor of Science in Computer Science   Expected Graduation : May 2028

Relevant coursework:
15-112 (Fundamentals of Programming)
15-122 (Principles of Imperative Computation)
15-213 (Introduction to Computer Systems)

Saipan International School   Saipan, MP
GPA : 3.95   Graduated May 2022
SAT : 1560 (760/800)
- Class Salutatorian
- AP Scholar with Distinction
- NHS member

University Projects

CMU Hackathon (Fall 2022)
- Collaborated in a team of 4 to build a mobile application using Kotlin
- Designed to help CMU students to navigate campus buildings and facilities with guided navigation
- Implemented core features including GPS-based mapping and UI components

112Pool (15-112 Solo Final Term Project)
- Desktop game inspired by mobile *8 Ball Pool*, as an individual capstone for 15-112
- Built using Python and CMU's custom graphics libraries, integrating event driven programming, collision physics, OOP, file I/O, custom UI, and other core programming concepts in 15-112
- Demo Video : https://youtu.be/gNhEAwmk04s?si=Yztq9S2CldOmHNYx

Experience

Signal Squad Leader, Republic of Korea Army   Oct 2023 ~ Apr 2025
- Led a squad of 10+ soldiers, overseeing daily operation, training preparation, and mission readiness
- Fostered team cohesion and discipline in high-pressure environments, balancing both tactical and interpersonal responsibilities
- Honed leadership, adaptability, and decision-making skills directly applicable to team-based technical and project settings

Additional

Language Skills: English, Korean, Mandarin (HSK3)
Programming Languages: Python, C, HTML, SML
